MEMORANDUM FOR: BYEMAN Security Officers
BYEMAN Control Officers

SUBJECT : Termination of Project TAGBOARD

1. The Special Security Center has been advised that Project TAGBOARD has been terminated, effective 15 July 1971. Documents uniquely controlled as TAGBOARD are to be destroyed immediately or retired to appropriate repositories designated by BCOs. Documents controlled under one or more BYEMAN compartments in addition to TAGBOARD will have TAGBOARD information deleted and TAGBOARD controls removed.

2. It is requested that BCOs and BSOs commence debriefing holders of TAGBOARD approvals, forwarding debriefing statements (attached), when completed, to the Compartmented Information Branch, CIA [redacted] Administrative debriefing is authorized only in those instances where the individual is not readily available in terms of distance, time, or expense required to reach him. Effective immediately, TAGBOARD access approvals will no longer be certified to requestors.

3. Documents of historical value, where deletion of TAGBOARD information cannot be accomplished, will be made available to those persons having a "must know" requirement, an IDEALIST or STUDY 50006 access approval, and appropriate access approval for possible other compartmented information contained in the document concerned.
