MEMORANDUM FOR DR. NAKA  
COL. SWEENEY

SUBJECT: Mr. Packard's Visit to NRO

Mr. Packard intends to spend one entire day visiting the  
NRO programs at [REDACTED]

Accompanying Mr. Packard on this trip will be Dr. Foster,  
Mr. Warner, me, Col. Furlong and two or three other personnel,  
some of whom may not be NRO cleared. The latter will obviously  
be excused for this portion of the trip.

As this will be Mr. Packard's initial trip to the West  
Coast I would like to make it as comprehensive an overview as  
possible of our activities with emphasis on the hardware. If  
possible, I would like to give him a brief familiarization with  
[REDACTED]

briefings. I would like to review a proposed agenda not later  
than 22 March.

I think you can safely assume that if we maintain Mr. Packard's  
interest that he will be amenable to going til 6 o'clock or so  
that evening.
