MEMORANDUM FOR

SUBJECT: Return of Platinum to GSA

    This memorandum responds to our telephone conversation of April 14, 1969 concerning the form and mechanics of returning to GSA storage the 2202.199 troy ounces of platinum currently at Owens-Illinois.

    GSA concurs in your proposed handling of the purifying and reforming of the platinum. I understand that Owens-Illinois will ship the platinum to Inglehardt Industries in New Jersey for processing. According to GSA, Inglehardt is quite familiar with transfer arrangements of this type. Following processing, Inglehardt will inform us that the platinum is in the original form and ready for transfer. At that time, we will alert GSA and the Assay Office in New York City of our desire to transfer the platinum.

    I have enclosed the original shipment order I received yesterday afternoon.

    Please keep us informed on the contractor's progress in returning the platinum to Inglehardt. Please call should you have any questions on the transfer arrangements.

JOHN R. MECEDA
Captain, USAF
